CONTENTS

Task 210 Report

Introduction.....	1
Regional Wastewater Service Area.....	2
1958 Plan.....	9
Current King County Service Basins.....	9
Unincorporated King County.....	10
Urban Growth Area.....	10
Local Wastewater Service Areas	21
Algona.....	21
Service Area.....	21
Basins.....	21
Auburn.....	21
Service Area.....	21
Basins.....	21
Black Diamond	22
Service Area.....	22
Basins.....	22
Kent.....	22
Service Area.....	27
Basins.....	27
Pacific.....	27
Service Area.....	27
Basins.....	28
Soos Creek Water and Sewer District.....	28
Service Area.....	28
Basins.....	29
Planning Record.....	35
1958 Metropolitan Seattle Sewage and Drainage Survey.....	35
Comprehensive Sewage Disposal Plan, Green River Sewerage Area and Portion of White River Watershed.....	36
Washington Growth Management Act	37
King County Comprehensive Plan, Executive Proposed Plan.....	38
King County Regional Wastewater Services Plan.....	38
King County RWSP—Wastewater 2020 Plus, Existing Conditions	38
King County RWSP—Wastewater 2020 Plus, South Interceptor Parallel Validation Study.....	39
King County Department of Natural Resources, Wastewater Treatment Division, Final Report—Mill Creek Relief Sewer Planning Study.....	39
Comprehensive Sewerage Plan for the Sewage Collection System, City of Auburn, Washington, 1979	40

City of Kent Comprehensive Sewerage Plan.....	40
City of Pacific Sanitary Sewer System Plan.....	40
1996 Soos Creek Water and Sewer District Comprehensive Sewer Plan.....	40
Enumclaw–Black Diamond Regional Sewerage Study.....	41
Codification of Metro's Comprehensive Sewerage Plan.....	41
Black Diamond Facility Plan for Wastewater Treatment System.....	41
City of Black Diamond Comprehensive Sewerage Plan.....	41

Task 220 Report

Introduction.....	1
Regional Facilities.....	3
Wastewater Treatment Facilities.....	3
Conveyance Facilities	3
Pump Stations	3
Comparison to 1958 Plan.....	6
Issues and Problems.....	6
M Street Trunk	6
Pacific Pump Station.....	6
Lakeland Hills Pump Station.....	6
Local Facilities.....	7
Algona	7
Auburn.....	7
Conveyance Facilities	7
Pump Stations	7
Known Rehabilitation Requirements.....	8
Planned System Changes	8
Operation and Maintenance	8
Comparison to 1958 Plan.....	8
Black Diamond	8
Conveyance Facilities	8
Pump Stations	9
Known Rehabilitation Requirements.....	9
Comparison to 1958 Plan.....	9
Kent.....	9
Conveyance Facilities	9
Pump Stations	9
Known Rehabilitation Requirements.....	9
Planned System Changes	10
Operation and Maintenance	10
Comparison to 1958 Plan.....	10
Pacific.....	10
Conveyance Facilities	10
Pump Stations	10

Known Rehabilitation Requirements.....	11
Planned System Changes	11
Comparison to 1958 Plan.....	11
Soos Creek Water and Sewer District.....	11
Conveyance Facilities	12
Pump Stations	12
Known Rehabilitation Requirements.....	13
Planned System Changes	13
Operation and Maintenance	14
Comparison to 1958 Plan.....	14

Task 230 Report

Introduction.....	1
Natural Environment.....	3
Earth/Geological Features.....	3
Topography and Soils	3
Erosion Hazards	4
Landslide Hazards.....	4
Seismic Hazards.....	9
Water Features	9
Surface Water Basins and Streams	9
Lakes	10
Shorelines.....	15
Flood Hazard Areas	16
Wetlands.....	16
Fish and Wildlife.....	17
Vegetation.....	17
Land Use and Growth.....	19
References.....	27
